

# WATTS® DRINKING WATER UNITS

## With Kwik-Change™ Filter Elements

UltraPure offers a complete line of Watts® filtration systems and components with Kwik-Change™ cartridges, including:

- Sediment cartridge to remove sediment, silt and rust particles.
- Activated carbon block or antibacterial carbon to reduce chlorine, heavy metals, odours and improve taste.
- Hollow fibre ultrafiltration (UF) membrane to remove micro-organisms like bacteria and cyst.

Choice of two models:

- Dual system with carbon and UF cartridges; and
- Triple system with sediment, carbon and UF cartridges.

### Features & Benefits

- Installation is quick and easy!
- Kwik-Change™ cartridges are removed with a single turn. It's so easy!
- No filter sumps, no mess, no fuss!
- No pressure problems! Units work as low as 15 psi/ 1 bar pressure.
- Cartridges have double o-rings to prevent leakage.
- Leaves essential nutrients in water.
- Choice of cartridge types and sizes for residential, commercial and food service use.
